

FAIR-PLAY® SCOREBOARDS

SCHOOL MARQUEES

PROMOTING YOUR SCHOOL ON A FAIR-PLAY MARQUEE GETS EVERYONE'S ATTENTION!

When it comes to advertising your school events and messages—nothing beats a Fair-Play marquee. Let Fair-Play display your happenings in glowing amber or on a full-color display that's sure to get attention no matter where you are!

School Marquee Benefits

- ✓ Academic institutions are looking for better methods to reach parents, students and members of the community. Purchasing an electronic message center allows administrators to get the word out faster than traditional fixed or changeable letter signage.
- ✓ A Fair-Play® marquee display enables you to change that message instantly. Broadcast a schedule of messages of upcoming sporting events, band practice times, teacher announcements and emergency weather information at the touch of a button.
- ✓ Enhanced communication leads to increased attendance at parental and community meetings and events, while decreasing the number of calls to the office requesting this information.
- ✓ LED displays attract the masses and are a great promotional tool. Encourage school spirit and attendance at sporting events and other school functions. Display civic events like voting times, road construction and new routes to the school, as well as the time and temperature.
- ✓ ISEwrite™ and ProLine® software packages are easy to learn and operate. Your messages will be out on the sign within moments. All of the programming is done from the comfort of your office.

David Starr Jordan High School
Los Angeles, California

Bell High School
Bell, California

Tartan High School
Oakdale, Minnesota

Communication Options

North Royalton High School
Royalton, Ohio

DIRECT CONNECTION

- Direct communication options require a cable directly from your sign to a PC.

DIAL-UP CONNECTION

- For situations where you need to establish connectivity with your sign over longer distances, the dial-up remote phone modem is a great choice.

WIRELESS

- As with the other remote options, wireless connectivity means that you don't need land lines to control your sign from another location.

Color Options

Channel Islands High School
Oxnard, California

Lincoln High School
Des Moines, Iowa

MONOCHROME

Monochrome signs display your message in a single color. Ideal for text and basic graphics monochrome displays can use ISEwrite or ProLine to provide, simple, no-fuss operation.

SHADES OF GRAY™

Message centers enabled with Shades of Gray expand a monochrome sign's color range to 256 levels of light intensity. The expanded palette adds realistic dimension to photographs and 3D animation at an affordable price. Select Shades of Gray for your red, blue or amber CaptiVue® message center.

FULL COLOR

When you need to display live video, complex animations and images, a full-color sign is your best choice. Both CaptiVue and RainbowWall® demand your customer's attention by showing your content in real life color and motion.

Installation Options

Electronic displays can be mounted on a pole, building or built into an enclosure. Base your sign location on your building placement and traffic patterns. If traffic is relatively close you may want to mount the sign on your building. If you have a sizeable space between you and your intended traffic, like an interstate, consider a pole-mounted display. Supports are not furnished with the displays and can be obtained locally. Please discuss mounting options with your local Fair-Play representative to find the best application for you.

Your marquee display may also be paired with a Rear Illuminated (RIO) or weather-proof vinyl on aluminum top sign.

Number of Faces	Color	Pixel Spacing	Display Matrix	Dimensions (Height x Length)				Full Color (RIO)			Weather-proof Vinyl		
				Message		Standard Sign		Lbs	Kgs	Watts	Lbs	Kgs	Watts
Single	Mono	1.375"	16 x 80	2'6" x 10'0"	.762m x 3.048m	3'0" x 10'0"	.914m x 3.048m	575	261	898	375	170	448
Double	Mono	1.375"	16 x 80	2'6" x 10'0"	.762m x 3.048m	3'0" x 10'0"	.914m x 3.048m	575	261	898	375	170	448

Sign Options

Impressive and interesting signage draws attention to your marquee and message! Often marquees are furnished with facility identification signs. These signs can be vinyl copy on aluminum or rear-illuminated style. The shape of sign you select can either be rectangular, domed-shaped or a custom shape to your specific requirements.
