

FAIR-PLAY® SCOREBOARDS

1700 DELAWARE AVENUE • DES MOINES, IOWA 50317 • PHONE 800-247-0265 • FAX 515-265-3364

Nothing but Fair-Play at your pool or meet.

The way we play the game keeps changing,
but one standard has not: a remarkable scoreboard
makes a great game even better. For style, performance
and innovation in sports scoring—believe in Fair-Play.

Fair-Play and IST

Fair-Play Scoreboards has been the go-to company to score and time sporting events for more than 70 years. But Fair-Play had only dipped its proverbial big toe into aquatic scoreboards and timers before signing a recent agreement with International Sports Timing (IST), a nationally recognized leader in precision timing for swimming events.

Fair-Play is the exclusive distributor of IST scoring and timing technology, including its acclaimed TIMEWARE® swim meet timing software and MEETWARE® meet and team management software. Both products are the official timing systems of the National Interscholastic Swim Coaches Association (NISCA).

Besides the companies' dedication to amateur-level sports, Fair-Play and IST maintain similar commitments to innovation and customer service. Fair-Play, founded more than 70 years ago, is now one of the industry leaders in LED scoreboard technology. Likewise IST, founded in 1992, is committed to providing ground-breaking products that suit the ever-changing needs of the aquatic community.

For style, performance and innovation, join the thousands of schools, colleges and municipalities that believe in Fair-Play. Catch the spirit of Fair-Play at www.fair-play.com.

Deck Notes

"There are a number of coaches and AD's in our area that are looking for auto timing systems and have asked how we like ours. It is always a pleasure telling them how happy we are."

Head Swim Coach, Williamsville North High School, Williamsville, NY

PRODUCT HIGHLIGHT

SWIMSTART

A swim timing system is not complete without **SWIMSTART** Electronic Start System. An integral part of any scoreboard package, this system includes a portable PA system, 360-degree strobe and tone start signals, and recall tone in a rugged case. Use **SWIMSTART** by itself or interface it with IST's **TIMEWARE** or **MEETWARE** timing systems or other timing consoles with normally open or normally closed output.

Give swimming enthusiasts all the meet and event information they need with lane, place and time panels for up to ten participants. By interfacing with a graphics board you can display which athletes are in the pool, their standing and lane location. Fair-Play offers another series that combines the above options with event information and distance. The cabinet can be personalized with standard colors at no extra charge.

High-contrast digits and wide viewing angles ensure that everyone in the stands knows exactly what's going on—so whether you're considering a scoreboard for a recreational center or a large complex, we have a size and style that fits your needs perfectly.

Scoreboard sponsorships build community relationships while offsetting equipment costs. Ask your Fair-Play sales representative about the opportunities available for your facility.

Swimming Scoreboards

Fair-Play's swimming systems are versatile and adaptable. Systems can be customized to your specific needs quickly and easily—new construction or upgrading existing equipment is the name of the game for Fair-Play and IST. Our combined expertise allows you to specify number of lanes in your system and level of interfaces required. Call our factory-trained sales representatives and they'll show you just how easy ordering a new Fair-Play swim system can be.

PRODUCT HIGHLIGHT

Touchpad

The IST touchpad features a sealed polyurethane edge encasing the sensitive metal and electronic components protecting both the pool and the people who handle them. The textured-vinyl pad surface resists wear while being slip-resistant and safety-conscious for swimmers. The revolutionary design doesn't require air pressure, so there's no "floating". Keeping water out of the pad means there's no build-up of salts and other chemicals to shorten its life. Complete the system with the easy-roll storage and transport cart. Sturdy and light-weight, our easy-roll cart slips easily through standard-sized doorways, holds up to ten pads and includes locking wheels to provide a stable loading and unloading platform.

Touchpads are available in both 60" and 78" widths, weighing less than most carry-on luggage and are designed with participants, facility and support crew in mind. Customized brackets and rubber-coated knobs are just a few of the extra features that make our patent pending touchpads a top choice of coaches and participants nationwide.

Fair-Play offers 10 FREE standard scoreboard colors. Custom colors available.

Software Products

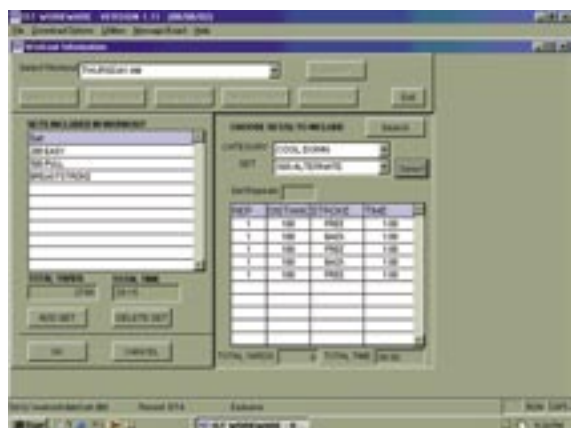

MEETWARE® for Windows

MEETWARE software turns your PC into a fully integrated timing, meet and team management system. Runs everything from a quick summer league dual meet to a three-day age-group invitational with ease.

TIMEWARE® for Windows

TIMEWARE turns your PC into a timing console. Create your own event lists; time and place events with one or more heats; score diving; print out results and splits; and store all the data in a virtually unlimited memory. Timeware is compatible with existing starts and touchpads. Timeware can download results directly to Hy-Tek's Meet Manager.

WORKWARE for Windows

WORKWARE manages your workout data with ease and sends that data to your scoreboard with interval counters along with times. Create sets in categories with a name you choose. Each set can have multiple intervals, each with a stroke description. It's like having an assistant coach for every lane in the pool.

POLOWARE® for Windows

POLOWARE Software turns your PC into a water polo game console. Maintain team rosters with class and cap number, set up a match with players from selected teams that have been automatically entered. Poloware displays game, shot and exclusion clocks. Keeps team scores, records points by player, tracks up to 4 exclusions at a time. At the end of a match, print a complete match history.

Catch the spirit of Fair-Play!

Whatever your sport, Fair-Play Scoreboards manufactures a complete range of products to score, time and display.

- LED digits for exceptional brightness
- Durable, reliable and easy-to-use equipment
- Flexible product designs ranging from basic scoreboards to “big league” systems
- Affordable, professional-grade equipment
- Exclusive distributor of IST swim timing and scoring systems
- Factory-trained network of sales and service representatives
- Polyurethane coated protects electronic components

SPORTS FANS, ATHLETIC DIRECTORS AND ADMINISTRATORS have relied on the style, performance and innovation of Fair-Play Scoreboards to stay on top of their game for more than 70 years. Fair-Play Scoreboards, a Trans-Lux company, designs and manufactures quality scoreboards and accessories for high schools, colleges and municipalities. With more than 100,000 installations, the company is an industry leader in LED scoreboard technology and wireless controls. Virtually every aspect of our products—from design to manufacturing to customer service—is performed from our division headquarters in Des Moines, Iowa. Fair-Play's national network of dealers and service technicians backs our commitment to service after the sale. Catch the spirit of Fair-Play at www.fair-play.com.
